Profile

With over ten years of extensive professional experience in diverse positions, including front-end development, UI/UX design, and graphic design. As a seasoned expert, advanced proficiency in HTML, CSS, and JavaScript, along with specialized knowledge as a WCAG compliance specialist, is inherent in my skill set. A strong commitment to delivering impeccably crafted code that adheres to industry standards, prioritizes security, and fulfills the requirements of esteemed government and corporate clientele is a hallmark of my work.

Skills

- HTML5/CSS3 | JavaScript | React | WordPress | Sass
- Web Accessibility (WCAG) | Responsive Web Design | Cross-Browser Compatibility
- Photoshop | Illustrator | Figma | MS Office
