Profile_____

With over ten years of extensive professional experience in diverse positions, including front-end web development, UI/UX design, and graphic design. As a seasoned expert, advanced proficiency in HTML, CSS, and JavaScript, along with specialized knowledge as a WCAG compliance specialist, is inherent in my skill set. A strong commitment to delivering impeccably crafted code that adheres to industry standards, prioritizes security, and fulfills the requirements of esteemed government and corporate clientele is a hallmark of my work.

Skills_____

- HTML5/CSS3 | JavaScript | React | Sass | WordPress
- Web Accessibility (WCAG) | Responsive Web Design | Cross-Browser Compatibility
- Figma | Photoshop | Illustrator | Premiere Pro | MS Office
